Categories

Age categories

Age categories are determined based on the participants' ages. e.g. Age 7 and younger, Age 8-10, Age 11-13...

Period categories

The period categories are based on the period of the pieces performed by the participants. e.g. Baroque, Classical, Romantic...

Theme Categories

Theme Categories are groups classified based on the themes and different scenarios of the participants' performances. e.g. Sonata, Musical/Opera, Film/Game Music...

How to apply

Step 1

Provide a video link of your piece. If you are a composer, you may submit either a video or audio link. The link can feature any newly recorded or previously recorded work, as long as it is uploaded to a publicly accessible platform (such as YouTube, Google Drive, Youku, etc.).

Step 2

Select the categories you wish to enter based on your materials. You can choose an age group or other categories based on style or genre, such as the Baroque Works category, Sonata category, etc. Each category will have different competitors. If you meet the criteria, you can register for multiple categories. For example, if you are a 22-year-old participant playing a Beethoven piano sonata, you can simultaneously enter the 18-22 age group, the Sonata category, and the Classical Works category. Please note that the application fee will vary for multiple categories compared to a single category. For more details, please visit our website.

Step 3

Complete the online registration form and pay the entry fee. If your registration is successful, you will receive a confirmation email.

Step 4

Leave the rest to us! On the day the competition results are announced, we will publish the winners list for the season. If you are one of the winners, you can immediately download your electronic certificate and poster (for specific awards) from our website. If you wish to purchase additional memorabilia, you can then purchase your orders at that time. Our staff will customize your exclusive awards.
